## Employment

### Premier, Inc. – Automation Engineer Intern

5/2015 – 8/2015

- Summer internship where an ETL status email automation and Oracle temp table cleanup automation was completed using SQL, PL/SQL, and shell scripting.

### Carolinas Healthcare System – Secretary/Care Partner

9/2012 – 8/2014

- Performed patient care, technical skills, and clerical functions such as viewing doctor's orders, executing those orders, and documenting orders completed.

### Novant Health – Care Technician

6/2011 – 9/2012

- Provided and documented assistance to patients with activities of daily living under the direction of a registered nurse

## Side Projects

### Maescreolekitchen.com

- Static website created for the Mae's Creole Kitchen Food Truck. Site allows users to view the food truck menu and other information about the business and its owner.

### Daily Workouts

- Local site created for a personal trainer to be able to keep track of clients, workouts, reps, weights, and dates. Site also creates random personalized workouts for individual clients based on their muscle training day. (In Progress)
